Dear Mr. Ardiansyah Putra
Hiring Manager of **Sigma Wolf Alpha Media**
Jl. Melati Raya No. 22
Batam Kota, Kepulauan Riau 29433

I'm writing in response to your advertisement for the *Front-End Developer* position at **Sigma Wolf Alpha Media**, which I am very excited to be applying for. I am a student majoring in software engineering and highly interested in web development, especially in creating responsive and modern user interfaces.

Your job advertisement states that you are looking for someone who has experience in front-end coding and UI implementation. During my studies, I gained practical experience using **HTML, CSS, JavaScript, Tailwind CSS**, and basic **React.js**. I completed several school projects, such as landing pages, product displays, and responsive web layouts. I am a diligent and reliable person who always completes tasks punctually and pays close attention to detail.

I enjoy working as part of a team, but I can also work independently and adapt quickly when learning new technologies. Additionally, I am a fast learner who listens well and follows instructions closely. I am confident that my passion, creativity, and willingness to improve make me a strong candidate for this position.

Thank you for taking the time to consider my application. I believe my skills and eagerness to grow professionally align with the needs of Sigma Wolf Alpha Media. I would welcome the opportunity to discuss this role further. If you would like to arrange an interview or discuss any details included in my CV, please feel free to contact me using the information above.

Yours faithfully,

Achmad Syarel

JOB INTERVIEW DIALOGUE

Company: Sigma Wolf Alpha Media
Position: Front-End Developer

Interviewer (Ms. Clara)
Interviewee (Achmad Syarel)

Ms. Clara: Good morning, Achmad. My name is Clara, and I'm the HR Manager at Sigma Wolf Alpha Media.
Achmad: Good morning, Ma'am. It's a pleasure to meet you.

Ms. Clara: How are you today?
Achmad: I'm doing well and excited for the interview. Thank you.

Ms. Clara: Great to hear that. Let's begin. Could you tell me about yourself?
Achmad: I am a software engineering student with strong interest in front-end development. I have experience using HTML, CSS, JavaScript, and Tailwind CSS, and I have created several responsive website projects during my studies.

Ms. Clara: Why are you interested in working at Sigma Wolf Alpha Media?
Achmad: I like your company's focus on digital media and modern web solutions. I believe this environment would help me grow and apply my front-end skills professionally.

Ms. Clara: Why should we hire you?
Achmad: I am detail-oriented, disciplined, and always eager to learn. I can turn UI designs into clean and responsive interfaces, and I work well both independently and in a team.

Ms. Clara: What would you say is your biggest weakness?
Achmad: Sometimes, I spend extra time perfecting visual details. However, I am learning to balance quality with efficiency to meet deadlines better.

Ms. Clara: How do you handle pressure or tight deadlines?
Achmad: I can handle pressure well. During school projects, I often had to finish coding tasks in limited time, and I managed to complete them successfully by organizing my work properly.

Ms. Clara: That's good to know. Do you have experience working with teams?
Achmad: Yes, I have collaborated with classmates on several coding projects, where we divided tasks, communicated regularly, and completed the website together.

Ms. Clara: Alright, Achmad. That's all for the interview today. Thank you for coming.
Achmad: Thank you very much for the opportunity, Ma'am. I appreciate your time.
